Installing a Water Softener Combo filter PROVIDED by GC Plumbing Services and accompanied by our Lifetime Diamond Club™ Program qualifies you for our unmatched lifetime guarantee on any of our water treatment options and tankless/marathon water heaters.

Extended warranties do not include coverage on items that are meant to be replaced as maintenance items or damages not due to normal wear and tear. *Examples include but are not limited to: Anode rods, safety devices such as T&Ps, electrical faults, preventable stoppages, or natural disasters. Coverage is to be determined by GC Plumbing Services only. Coverage does not include any work not performed by GC Plumbing Services.

*Refer to terms and conditions.

TERMS AND CONDITIONS:

Includes all Diamond Club™ benefits plus a lifetime warranty on all Deluxe and Premium fixtures provided and installed by our company. Any eligible fixture that fails to perform as designed will be repaired or replaced for no additional charge for as long as your Lifetime Diamond Club™ is in good standing. Failure of fixtures through abuse, misuse, neglect, vandalism, freezing, fire, flood, or earthquake will not be covered. The results of ordinary wear and tear such as scratches or finish

blemishes will not constitute cause for replacement. Filter changes for water-treatment products will be charged normal Lifetime Diamond Club™ rates while filter systems are covered by our lifetime warranty.

In order to ensure trouble-free operation of eligible fixtures, we must thoroughly inspect your home's entire plumbing system on our initial visit. Afterward we will need to inspect your plumbing system at least once a year, during the first calendar quarter. During this visit our technician will make any necessary adjustments, repairs, or replacements of eligible fixtures—at no cost to you.

Fixture installations must comply with all local codes. Other conditions may be required for eligibility as determined by our technician. These conditions may include, but are not limited to, installation of emergency shutoff valves, a pressure-reducing valve, and waste or potable water-line repairs. Maintenance or alteration of eligible fixtures by anyone other than our company will void warranty.
